

Eco-friendly Christmas Celebration Workshop
In collaboration with Sanskar India Foundation

Date: 12th December 2021

Time: 11 to 12:30

Resource person- Ms. Shruti Vashishtha, Sanskar India Foundation

Christmas at Bombay Teachers' Training College was truly a learning experience. We made this Christmas eco-friendly and learned many things using different materials. We would like to thank our resource person Ms. Shruti Vashishtha for sharing her creative ideas that made Christmas more glorious. We learned how to make decorative items with the things available at home like red and white crepe paper, A4 size green sheets, empty jar, red ribbon, unused cardboard, cutter, scissor and fevicol. Ms. Shruti made mistletoe, Christmas jar, snowman, candles, decorative Christmas jar, empty jar, ribbon bow and mistletoe. Altogether it was a wonderful learning experience. It was quite an insightful session and a wonderful experience to be creative in making our homes look beautiful this Christmas. We are thankful to Sanskar India Foundation for giving us the opportunity to learn and be environment friendly.
